

Email Blast 7/7/2023

Hello Everyone,

Irrigation Service is running behind due to 4th of July. Greg and Robbie will be performing irrigation service until later in the evening to catch up and be on schedule for next week. We appreciate your patience and understanding as they push to get all the lots irrigated.

The City of Phoenix is closing the Horse Arena on July 10th to add additional fill and grade and groom the arena. The arena is expected to reopen early in the morning. Please note that the sprinklers will begin coming on in the arena at 6:00 pm for those that enjoy night riding.

Have a great weekend.

Irrigation delays and late-night service and Horse Arena closed on Monday
