

Hello Neighbors,

We have homeowners in our community reaching out to our community to provide help for the Maui's Children Drive.

In the wake of the devastating wildfires that decimated Lahaina and portions of West Maui, the Boys & Girls Club of Maui is desperately in need of school supplies and personal hygiene items. Their Lahaina center was burned to the ground and due to the state of emergency on island, they had to close all centers for their youth.

Please help us in supporting the Children of Maui. You can drop off backpacks now - September 1st. Even if you can only do one or send money and I can build them for you.
