

Irrigation System remains down, Dirt Bike racing up and down Bridle path

August 25, 2023

The Irrigation system will remain down through most of next week. We will send an update to the community mid-week. We are diligently working with the City of Phoenix and APS to resolve the situation as soon as possible.

Reminder that ATV's and Dirt Bikes are prohibited on the Bridle Path. We had a property owner or their invited guest racing a Dirt Bike up and down the Bridle Path last night on the path between Pershing and Emile Zola and 52 and 54<sup>th</sup> street. Please be responsible and considerate to your neighbors and animals that live around you. Someone could have been hurt coming out their gate or animals injured due to the commotion on the path. We were notified that the police were notified, and a report made in the event this takes place again.

Have a nice weekend.
